The City Council of the City of Kirkland do ordain as follows:

Section 1. Section 27.04.040 of the Kirkland Municipal Code is hereby amended to read as follows:

(a) If, in the judgment of the director, none of the fee categories or fee amounts set forth in the schedule in Section 27.04.150 accurately describes the impacts resulting from issuance of the proposed building permit, or for a change in use when no building permit is required, the applicant shall provide to the department for its review and evaluation an independent fee calculation, prepared by a traffic engineer approved by the director. The director may impose on the proposed building permit or on a change in land use when no building permit is required an alternative impact fee based on this calculation. With the independent fee calculation, the applicant shall pay to the department an administrative processing fee of one hundred dollars per calculation, unless a different fee is provided for in Title 5 of this code.

(b) If an applicant requests not to have the impact fees determined according to the schedule in Section 27.04.150, then the applicant shall submit to the director an independent fee calculation, prepared by a traffic engineer approved by the director and paid for by the applicant, for the building permit, or for a change in use when no building permit is required. The independent fee calculation shall show the basis upon which it was made and shall include, but not be limited to, trip generation characteristics. A partial refund may be forthcoming if the fee collected exceeds the amount determined in the independent fee calculation and the public works department agrees with the independent fee calculation.

(d) While there is a presumption that the calculations set forth in the rate study used to prepare the fee schedule in Section 27.04.150 are correct, the director shall consider the documentation submitted by the applicant, but is not required to accept such documentation which the director reasonably deems to be inaccurate or not reliable, and may, in the alternative, require the applicant to submit additional or different documentation. The director is authorized to adjust the impact fee on a case-by-case basis based on the independent fee calculation, the specific characteristics of the building permit, or
