THIS AGREEMENT made and entered into this day, pursuant to RCW Chapter 35.91, between the City of Kirkland, a non-charter optional code city, hereinafter referred to as "City" and Dave Sight hereinafter referred to as "Developer":

WITNESSETH

<u>Section 1.</u> Developer does hereby agree to construct, at its sole expense, the STORM FACILITIES described in EXHIBIT _____, attached hereto and by this reference incorporated herein, all in accordance with the specifications and standards of the City of Kirkland pertaining to STORM construction and installation.

<u>Section 2.</u> Upon completion of said storm facilities to the satisfaction of the Kirkland Director of Public Works, and acceptance thereof by the City of Kirkland, said facility shall become the property of the City of Kirkland and a part of its storm system with full power of the City of Kirkland to charge for its use such storm connection and service rates and charges as the City of Kirkland may be authorized by law to establish, and all further maintenance operation costs of said facility shall be borne by the City of Kirkland.

<u>Section 3.</u> The benefit area to be served by said facility is described and designated on EXHIBIT _______ attached to this agreement and by this reference incorporated herein. Said Exhibit is a map showing the total benefit area and delineating thereon that portion of the benefit area owned by Developer. EXHIBIT Δ ______ attached to this agreement and by this reference incorporated herein is a listing of each lot or parcel within the benefit area including the lot or parcel legal description and the lot of parcel's "pro rata share" of the cost of construction of the storm facilities. EXHIBIT _3_____ identifies those lots or parcels owned by Developer and not subject to the provisions of Section 4 of this agreement.

<u>Section 4.</u> Any owner of any real property located within the benefit area (other than those properties designated in EXHIBIT <u>3</u> as Developer's properties) who shall hereafter tap into or use said storm facility (including not only connecting directly into, but also to users connecting laterals or branches connected thereto) shall, prior to such tap in or use, pay to the City of Kirkland, in addition to any connection or other change required by the ordinances of the City of Kirkland to be paid upon connecting to a storm facility, their fair pro rata share of the cost of construction of said facility.

<u>Section 6.</u> Within sixty (60) days after receipt by the City of any "fair pro rata share," the City shall disburse said sum, less fifteen (15) percent thereof to be retained by the City of Kirkland to cover costs of administering the provisions of this agreement, to Developer at P.O. <u>Section 9.</u> No person, firm, or corporation, other than Developer's, as to the real property identified as owned by Developer in EXHIBIT 3 hereto, shall be granted a permit or authorized to tap into or use said facility or extensions thereof without first paying their fair pro rata share as herein provided.
