

ORDINANCE NO. 2036

AN ORDINANCE OF THE CITY OF KIRKLAND RELATING TO PLANNING AND ZONING, REQUIRING PROVISIONS FOR OFF-STREET PARKING OF MOTOR VEHICLES AND AMENDING SECTION 4.13, B-P AUTO PARKING OF ORDINANCE NO. 709 THE KIRKLAND ZONING CODE.

BE IT ORDAINED by the City Council of the City of Kirkland as follows:

Section 1. Section 4.13, B-P Auto parking, Ordinance No. 709, the Kirkland Zoning Code heretofore amended by Ordinance No. 2025, be and it hereby is amended and supplemented to read as follows:

4.13.10 Essential Use:

"4.13.11 Off-street automobile parking. The continued use of a building or structure for which a B-P reservation on a property has been designated as required for the use, shall be dependent on the continued existence of such B-P designation. If the required B-P designation ceases to exist in connection with the use for which it was reserved, and no equivalent B-P designation is provided, such occupancy and use of the building becomes unlawful. For a new building or structure or for the enlargement or increase in the size of existing building or structure, except one and two family dwellings, there shall be established and maintained a permanent B-P designated off-street parking area within 1,000 feet, measured along a normal pedestrian route, or a public entrance thereof."

"4.13.12 Reservation and designation of an area to provide off-street parking facilities shall be required for a land use, in accordance with the standards and requirements of this section. To establish a required B-P area, plans shall be submitted to the City Engineering or Planning Departments for determination that the plans meet the requirements of City Ordinances. Record of approval by the Engineering or Planning Departments shall be written on the face of the plans filed with the City.

"4.13.13 The minimum capacity of parking areas shall be as follows for the listed uses:

<u>USE</u>	<u>NO. OF PARKING SPACES REQUIRED</u>
Banks, Business and Professional offices	1 for each 200 square feet of gross floor area of the building
Boat Moorage, public and semi-private pleasure	1 for each 1 boat moorage slip
Bowling alleys	5 for each alley
Churches, Mortuaries, Funeral Homes	1 for each 5 seats in the chapel or nave.
Dance halls, places of assembly, exhibition halls without fixed seats	1 for each 75 square feet of gross floor area of the building
Drive-in restaurants, ice-cream or soft drink refreshment establishments, or similar drive-in uses which service auto-borne customers outside the building	1 for each 60 square feet of gross floor area of the building
Dwellings: Single family residences	2 parking spaces per residence
Multi-Family residences	2 parking spaces per dwelling unit.
Food stores, markets and shopping centers, having not more than 2,000 square feet of gross floor area, exclusive of the basement.	1 for each 400 square feet of gross floor area of the building
Food stores, markets and shopping centers having more than 2,000 square feet; but no more than 5,000 square feet of gross floor area of the building	1 for each 300 square feet of gross floor area of the building.

USE

NO. OF PARKING SPACES REQUIRED

Food stores, markets and shopping centers having more than 5,000 square feet of gross floor area, exclusive of basement

1 for each 200 square feet of gross floor area of the building

Stadiums, sports arenas, auditoriums and other places of assembly with fixed seats

1 for each 4 seats

Theaters

1 for each 4 fixed theater seats subject to review by the Planning Commission

Wholesale store, warehouses and storage buildings motor vehicles or machinery sales

1 for each 2 employees with a minimum of 2 spaces

Floor space as defined in Chapter 3, of the zoning ordinance includes basement area. However, for the purpose of determining parking spaces which required by this section to be based upon floor space, basement floor space when used solely for storage in connection with the use or uses to which the building or land is put may be deleted from the gross floor space calculation.

"4.13.20 Unspecified uses:

In the case of a use not specifically mentioned in this section, the requirements for off-street parking facilities shall be the same as the above-mentioned use, which in the opinion of the Planning Department may seek the advice and recommendation of the Planning Commission prior to reaching a decision.

"4.13.30 Mixed Occupancies:

In the case of mixed uses, the total requirements for off-street parking facilities shall be the sum of the requirements for the various uses computed separately. Off-street parking facilities for one use shall not be considered as providing required parking facilities for another use, except as hereinafter specified for cooperative use.

"4.13.40 Cooperative Provision:

Nothing of this section shall be construed to prevent cooperative provision of off-street parking facilities for two or more buildings or uses, provided that were the total combined parking area is less 10,000 square feet, the total of such off-street parking spaces supplied cooperatively shall not be less than the sum of the requirements for the various uses computed separately. Where adjoining parking facilities of two or more ownerships can be developed, and designed as one facility, and where efficiency of parking and circulation and economy of space will result from joint development, and where the total parking area involved is 10,000 square feet or greater, a reduction of 10% of the total combined required parking shall be permitted. None of the above provisions shall prevent the overlapping cooperative use of parking facilities when the times during which such facilities are used are not conflicting.

"4.13.50 Loading Space Requirements:

An off-street loading space having access to a public thoroughfare, shall be required adjacent to each business building, hereinafter erected or enlarged, if the use of such building entails deliveries to it or shipments from it, and such loading space shall be of adequate size for accomodating the maximum number and size of vehicles simultaneously loaded or unloaded, in connection with the business conducted in such buildings. No part of the truck or van using the loading space may project into the public thoroughfare.

"4.13.60 Plans:

The party developing a B-P area shall submit a plan of the parking area showing adjacent streets, proposed circulation of traffic, proposed drainage, proposed artificial lighting, proposed landscaping, fencing or screen planting to the planning Commission for its recommendations and approval.

"4.13.70 Building Permits:

Before the granting of a building permit for any new building or structure, or for any enlargement thereof or change of use in any building hereafter constructed involved in any of the aforementioned uses, the applicant for said building permit shall present evidence in writing, that arrangements have been made to provide off-street parking and/or loading space to be reserved and designated as B-P (Business Parking) in accordance with the above provisions, or that the required amount of parking facilities classified as a business parking area on the city zoning maps has been provided by satisfactory written contract or present evidence of participation in an association which is providing adequate public off-street parking so classified.

A certificate of occupancy evidencing legal use and occupancy of the new structure, or legal change in use of an existing structure, shall not be issued until the off-street parking facilities have been installed in accordance with the approved plans and accepted by the building inspector.

"4.13.80 Ingress and Egress Provisions:

The City Engineering Department and the City Planning Department in the interest of safety and general welfare, may in connection with the approval of a reclassification to B-P as provided in the preceding section, after consultation with the State Engineer as to State Highway and the County Engineer as to County Highways and the City Administration as City Streets, fix the location, width and manner of approval of any vehicular ingress or egress to or from such building or parking area and any public street or highway. The Engineering and Planning Department may seek the advice and recommendation of the Planning Commission prior to reaching a decision.

"4.13.90 Parking Area Requirements:

All off-street parking areas designated B-P (business parking) or public off-street areas required under paragraph 4.13.70 "Building Permits" shall be developed and completed to the required standards before an occupancy permit for the building use is issued. All traffic control devices such as parking strips designating car stalls directional arrows or signs, bull rails, curbs and other developments, shall be installed and completed as shown on the approved plans. Hard-surfaced parking areas shall use paint or similar devices to delineate car stalls and directional arrows. Gravel parking areas shall use wood or concrete bull rails or wheelstops and posted signs to delineate car stalls and direction of traffic. Where pedestrian walks are used in parking lots for the use of foot traffic only, they shall be curbed or raised 6" above the lot surface. All driveways, off-street parking areas and public off-street areas immediately adjacent to a service driveway which leads to a hard surfaced public street shall be hard-surfaced with a minimum of two inches of asphaltic concrete and for a driving distance of at least fifty feet from said service driveway.

"4.13.91 Minimum Dimensions:

Off-street parking area dimensions shall be not less than as shown on plates 1, 2 and 3 adopted as schedule A of ordinance No. 2025 which schedules by this reference are incorporated herein as though fully set forth.

"4.13.92 Driveway Dimensions:

When off-street parking is provided in the rear of a building and a driveway or lane alongside the building shall require a minimum width of 12' and a 3' minimum width sidewalk adjoining the building, curbed or raised 6" above the driveway surface."

Section 2. Amendatory ordinance No. 2025 is hereby repealed and ordinance No. 709, The Kirkland Comprehensive Zoning Ordinance, as heretofore amended is in all other respects ratified and confirmed.

Section 3. This ordinance is adopted pursuant to recommendations of the Kirkland Planning Commission and following public hearings held hereon by the Planning Commission on November 14, 1968 and by the Kirkland City Council on the 3rd day of March, 1968.

Section 4. This ordinance shall be in force and take effect 5 days from and after its passage and publication as required by law. Provided, however, that the increase in parking required for multi-family dwellings from 1.5 spaces to 2 spaces perunit, shall not become effective until February 18, 1969.

ADOPTED by the City Council in regular meeting on the 3rd day of March, 1969.

SIGNED in authentication thereof on the 3rd day of March, 1969.

William E. Woods
Mayor
