

RESOLUTION R-5397

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF KIRKLAND AUTHORIZING A FEASIBILITY STUDY RELATED TO CONSTRUCTION OF REGIONAL STORMWATER FACILITIES AND STORMWATER MITIGATION.

1 WHEREAS, the Kirkland City Council adopted the 2016 King
2 County Surface Water Design Manual with Kirkland Addendum in
3 November of 2016; and
4

5 WHEREAS, at the time of adoption the Council expressed interest
6 in providing regional stormwater facilities as an alternative to on-site
7 facilities to help mitigate for the impacts of new development projects;
8 and
9

10 WHEREAS, it appears that it may be practical to construct a
11 regional stormwater facility in Spinney Homestead Park that could serve
12 as mitigation of stormwater impacts in Kirkland associated with various
13 development projects in the Forbes Creek Watershed; and
14

15 WHEREAS, program elements, including policies for use, credit
16 costs, and tracking methods, would need to be developed in order to
17 allow those projects to use such a regional facility to mitigate project
18 stormwater impacts.
19

20 NOW, THEREFORE, be it resolved by the City Council of the City
21 of Kirkland as follows:
22

23 Section 1. The City Manager is hereby authorized and directed
24 to use Surface Water Utility Operating and/or Capital Funds in the
25 amount of \$49,000 to study the feasibility of constructing a regional
26 stormwater facility at Spinney Homestead Park, and to develop program
27 elements to allow certain new development projects to use regional
28 facilities as stormwater mitigation. Program elements should be
29 developed for possible application to any regional stormwater facilities
30 located within Kirkland.
31

32 Passed by majority vote of the Kirkland City Council in open
33 meeting this 15th day of October, 2019.
34

35 Signed in authentication thereof this 15th day of October, 2019.

Penny Sweet, Mayor

Attest:

Kathi Anderson, City Clerk
