

ORDINANCE NO. 2678

AN ORDINANCE OF THE CITY OF KIRKLAND RELATING TO LAND USE AND DEVELOPMENT, ADOPTING A NEW ZONING CODE AND REPEALING ORDINANCE 2183 AS HERETOFORE AMENDED.

BE IT ORDAINED by the City Council of the City of Kirkland as follows:

Section 1. Declarations:

A. In adopting comprehensive regulations, standards and classifications for land use and development (commonly referred to as a zoning code) of the nature and scope herein adopted, the City Council declares that it is acting in the full exercise of the delegation of legislative authority granted to cities by Article 11, Section 11 of the Washington State Constitution; by the authority granted to non-charter code cities by Title 35A Revised Code of Washington, including but not by way of limitation, authorization contained in Chapter 35A.63 RCW, relating to land use planning and zoning; and by the authority of other laws of the State of Washington.

B. A zoning code is a non-project legislative action for the purposes of the State Environmental Policies Act, RCW 43.21C (SEPA). The Environmental Impact Statement prepared and circulated pursuant to SEPA, State Guidelines and the Kirkland implementing ordinance has been available to and has been considered by the City Council and each of its advisory bodies during review and consideration process. The City Council finds the Environmental Impact Statement to be adequate for the purposes of this action and that all procedural matters relating to environmental review have been satisfied. The City Council further notes that all subsequent land use actions of a project nature which may require governmental review or action will, under the procedures in effect in the City of Kirkland, be subjected to additional SEPA review.

C. Pursuant to RCW 35A.63.100, public hearings on the zoning code herein adopted were held by the Kirkland Development Code Commission, an advisory body created by the City Council pursuant to RCW 35A.63 for that purpose and by the Houghton Community Council. The recommendation of the Development Code Commission and the Houghton Community Council have been considered by the City Council in open meetings.

D. By Ordinance No. 2346, goals, policies and standards for the growth and development of the consolidated City of Kirkland as a single community, were adopted as the Kirkland Land Use Policies Plan (comprehensive plan). The land use regulations, standards and classifications are herein adopted in order to provide comprehensive regulations, standards and classifications relating to planning land use development and classification for the entire consolidated City, which are consistent with and have been considered in the light of and related to the general and specific goals, policies and guidelines, adopted by Ordinance No. 2346.

E. Adoption of the proposed Zoning Code is in the public interest and will advance the public health, safety and welfare.
