

ORDINANCE NO. 3022

AN ORDINANCE OF THE CITY OF KIRKLAND RELATING TO ZONING, PLANNING AND LAND USE AND AMENDING ORDINANCE 2740 AS AMENDED, THE KIRKLAND ZONING ORDINANCE (FILE NO. IV-87-32).

Whereas, the City Council has received from the Kirkland Planning Commission a recommendation to amend certain sections of the text of the Kirkland Zoning Code, Ordinance 2740 as amended, all as set forth in that certain report and recommendation of the Planning Commission dated May 19, 1987 and bearing Kirkland Department of Planning and Community Development File No. IV-87-32; and

Whereas, prior to making said recommendation the Planning Commission, following notice thereof as required by RCW 35A.63.070, on May 7, 1987, held a public hearing on the amendment proposals and considered the comments received at said hearing; and

Whereas, pursuant to the State Environmental Policies Act there has accompanied the legislative proposal and recommendation through the entire consideration process, a final determination of non-significance, including supporting environmental documents, issued by the responsible official pursuant to WAC 197-11-340 and WAC 197-11-390; and

Whereas, in regular public meeting the City Council considered the environmental documents received from the responsible official, together with the report and recommendation of the Planning Commission.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Kirkland as follows:

Section 1. Zoning text amended: The following specified sections of the text of Ordinance 2740 as amended, the Kirkland zoning ordinance, be and they hereby are amended to read as shown in Exhibit A and incorporated by reference herein.

Section 2. If any section, subsection, sentence, clause, phrase, part or portion of this ordinance, including those parts adopted by reference, is for any reason held to be invalid or unconstitutional by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance.

Section 3. The subject matter of this ordinance and the permit herein granted, pursuant to Ordinance 2001, subject to the disapproval jurisdiction of the Houghton Community Council, and therefore, this ordinance shall become effective within the Houghton Community Municipal Corporation only upon approval of the Houghton Community Council or the failure of said Community Council to disapprove this ordinance within 60 days of the date of the passage of this ordinance.

Section 4. Except as provided in Section 3, this ordinance shall be in full force and effect five days from and after its passage by the Kirkland City Council and publication pursuant to Section 1.08.017, Kirkland Municipal Code in the summary form attached to the original of this ordinance and by this reference approved by the City Council as required by law.

Passed by majority vote of the Kirkland City Council in regular, open meeting this 1st day of June, 1987.

Signed in authentication thereof this 1st day of June, 1987.

CHAPTER 17 - SINGLE FAMILY RESIDENTIAL ANNEXATION (RS-X) ZONES

17.05 User Guide. The charts in Section 10 of this Chapter contain the basic zoning regulations that apply in each RSX 35., RSX 8.5, and RSX 7.2 zone of the City. Use these charts by reading down the extreme left hand column entitled Use. Once you locate the use in which you are interested, read across to find the regulations that apply to that use. In addition, you should read Chapter 1 of this Code which will assist you in finding other regulations that apply to your property or proposal.

The sample chart on this page describes the regulations that are contained in each column.

DIRECTIONS REGULATIONS	USE ZONE CHART											Zone	Section	
	REQUIRED REVIEW PROCESS	LOT SIZE	MINIMUMS REQUIRED YARDS				LOT COVERAGE	HEIGHT OF STRUCTURE	LANDSCAPE CATEGORY	SIGN CATEGORY	REQUIRED PARKING SPACES			SPECIAL REGULATIONS
			FRONT	NORTH PROPERTY LINE	SOUTH PROPERTY LINE	HIGH WATER LINE								
USE	<p>This column contains all of the uses that may locate in this zone. If a use is not listed, it is not allowed in this zone. Each use listed is subject to all of the regulations listed in the columns to the right of that use.</p>	<p>This column lists the minimum required lot size for each listed use. Where applicable, the minimum lot size for each unit or for an entire complex is also listed. Note that only land landward of the high water line may be used to compute lot size or diversity.</p>	<p>This column lists the minimum yards required for each use. Chapter 115 of this Code establishes what structures, improvements, and activities may or may not take place in these required yards.</p>	<p>See Spc. Reg. #1</p>	<p>This column lists the maximum height of structures allowed for each use. In most cases, the regulation is expressed as a number of feet above average building elevation. In some cases, a maximum number of stories is also listed. Height limits are also listed for over water structures.</p>	<p>See Spc. Reg. #2</p>	<p>See Spc. Reg. #3</p>	<p>This column establishes the parking requirement for each listed use. In some uses a specific number of stalls is not listed and a reference is given to a section in the parking chapter that states the City will determine the parking requirement on a case by case basis.</p>	<p>This column contains any special regulations, standards or decisional criteria that may apply to each listed use. Some of these requirements are absolute, while others contain decisional criteria or more general standards. Where decisional criteria are listed, the City will use these criteria to determine if a proposed use is appropriate and as a basis for imposing limitations and conditions on the proposed use and development.</p>	<p>1. This column lists the maximum amount of dry land lot coverage allowed for each use. Maximum lot coverage is a defined term. Consult Chapter 5 of this Code.</p> <p>2. This column lists the Landscaping Category for each use. The footnote references the chapter that specifies the buffers that must be provided, depending on the uses or zones that adjoin the subject property.</p> <p>3. This column lists the sign category for each use. The footnote references the chapter that provides full information on allowable signs for each use.</p>	6121A			
Footnotes	<p>For other information about parking and parking areas, see Chapter 105. For details of the regulations in this category, see Chapter 100. For details of the regulations in this category, see Chapter 95. For details of what may exceed this height limit, see Chapter 115. For details regarding required yards, see Chapter 115. This development may also be regulated under the City's Shoreline Master Program; consult that document. May not use lands waterward of the high waterline to determine lot size or to calculate allowable density.</p>											Page

115.05 User Guide

This Chapter contains a variety of regulations and standards that apply to the development and use of land. The regulations in this Chapter do not all pertain to the same general subject matter. The regulations are arranged alphabetically so that careful review of the table of contents is important to finding all pertinent regulations.

115.130 Sanitary-Sewer-Connector-Required

1. General --- Except as specified in paragraph 2 of this Section, it is a violation of this Code to use or occupy any structure having water service unless that structure is connected to a City approved sanitary sewer system.
2. Exception --- In lieu of connecting to a City approved sanitary sewer system as required in paragraph 1 of this Section, the structure may be connected to a septic tank system if the following conditions are met:
 - a. either --
 - 1) The subject property contains at least 35,000 square feet; or
 - 2) The lot lines defining the subject property were recorded in the King County Assessor's Office prior to May 14, 1972.
 - b. The subject property contains one detached dwelling unit only.
 - c. No element of a City approved sanitary sewer system that could serve the subject property through gravity is within 200 feet of any boundary of the subject property.
 - d. The Public Service Director determines that, based on a certified perc test, the subject property is suitable for a septic tank system.
3. Agreement to Connect When Available --- If the subject property is exempt from connecting to a City approved sanitary sewer system under paragraph 2 of this Section, the owner of the subject property must sign an agreement to run with the property, in a form acceptable to the City Attorney, agreeing to connect to a City approved system when one is available to serve the subject property through gravity within 200 feet of any boundary of the subject property. -- This agreement must be recorded with the King County Bureau of Elections and Records.

115.135 Sight Distance at Intersection

1. General - This Section establishes that areas around all intersections, including the entrance of driveways onto streets, must be kept clear of

- a. The gross floor area of the use is expanded by less than 10%; and
- b. The Planning Director determines that the change or alteration will not have significantly more or different impact on the surrounding area than does the present development.

4. Non-Conforming Parking

If there are fewer parking spaces for the uses conducted on the subject property than are required under this Code, these additional required number of spaces must be provided if the applicant is going to change the use conducted on the subject property and the new use requires more parking spaces than the former use.

5. Non-Conforming Signs

- a. All non-conforming signs are defined as either major non-conforming signs or minor non-conforming signs.

- 1) Major non-conforming signs include the following:

- a) Any pole sign associated with a pole which is not entitled to sign category F.
- b) Any pole sign or monument sign which exceeds 20 feet in height above average ground elevation.
- c) Any sign attached to the building and which extends above the building roofline.
- d) Any projecting sign except those allowed by Section 100.115.
- e) Any sign listed as a prohibited device by Section 100.85.
- f) Any sign which has exposed structural supporting elements such as angle irons, guy wires and braces.

- g) Any sign located off-site which does not meet the provisions of Section 100.75.
 - 2) Minor non-conforming signs are those, other than listed above in Paragraph 1, which violate any provision of the Zoning Code.
- b. Non-conforming signs must be brought into conformance as specified below:

- 1) Notwithstanding the provisions of Section 162.30, any major non-conforming sign must be brought into conformance if:
 - a) Structural alteration is made to the sign; or
 - b) The color, design, lettering or shape of the sign is altered. Change in temporary message on a readerboard is excluded from this requirement; or
 - c) Structural alteration or an increase in the gross floor area is made to any structure that houses or supports the use that has the major non-conforming sign.

2. In addition to the provisions of Subparagraph 162.35.5.b.(1), any major non-conforming sign by Subparagraph 35.5.a.(1)(g) shall be brought into conformance or removed within eighteen (18) months after the effective date of this subparagraph; or within eighteen (18) months after the effective date of annexation of the location at which the sign is erected; whichever is later. Nothing in this subparagraph shall relieve the property owner and owner of the sign of the duty to immediately remove such sign if it were not erected in compliance with Federal, State and local law; or if it does not meet the requirements to be a non-conforming sign.

Non-conforming signs may remain in a non-conforming state for a greater period of time than the amortization period provided above if such extension is applied for no later than six (6) months prior to the otherwise applicable deadline. The Hearing Examiner, through Process IIA, Chapter 150, may grant discretionary extensions of the amortization period a maximum of two times for up to three (3) years at a time. In addition to the criteria listed in 150:65.2, the Hearing Examiner shall consider the following criteria in making this decision:

1. Any hazard to traffic or pedestrian safety.
2. The detriment to the appearance of a neighborhood, or the impinging upon a view of scenic interest.
3. The demonstration of need for an even greater depreciation period, such as because the date of erection of the billboard was less than four (4) years but not more than six (6) months before the annexation. However, it is not the intent of this provision that the nonconformance necessarily be allowed to remain for the length of amortization period satisfactory to the applicant.

Non-conforming signs must be brought into conformance or removed immediately if there is a change in land use or change in business name on the sign structure or ownership of the sign. Nothing in this section shall relieve the owner or user of a non-conforming sign or owner of the property on which the non-conforming sign is located from the provisions of this code regarding safety, maintenance, and repair of signs.

2)3. Notwithstanding the provisions of

433a

Section 162.30, any minor non-conforming sign must be brought into complete conformance when either:

- a) The fair market value of any nonstructural alteration (such as color, design) of the sign exceeds 35% of the replacement value of that sign (change in temporary message on a readerboard is excluded from this requirement); or
- b) Structural alternation is made to the sign. In such event, the applicant must sign and record a concomitant agreement to run as a covenant with the property, in a form acceptable to the City Attorney. Said agreement shall describe the minor non-conforming elements involved and state that

433b

they will be brought into conformance within 10 years of the date of issuance of the building or sign permit. The applicant shall also grant to the City license to enter the property and shall also sign an agreement to reimburse the City for the cost of removing the sign(s) if, after the specified time, the prescribed minor non-conforming element(s) is not brought into conformance; or

- c) Structural alteration or an increase is made to the gross floor area of any structure that houses or supports the use that has the minor non-conforming sign.
- c. Any sign which can be classified as both a major non-conforming sign and a minor non-conforming sign shall be regulated as a major non-conforming sign.

d. Exception for Repair and Maintenance -

Repair and maintenance work to any non-conforming sign is excepted from the provisions of this chapter, subject only to the following:

- 1) The repair or maintenance work will not increase the degree or magnitude of non-conformance.
- 2) If the repair or maintenance work requires a Building or Sign Permit, the applicant must sign and record a concomitant agreement to run as a covenant with the property, in a form acceptable to the City Attorney. Said agreement shall describe the minor non-conforming elements involved and state that they will be brought into conformance within 10 years of the date of issuance of the building or sign permit. The applicant shall also grant to the City license to enter the property and shall also sign an agreement to reimburse the City for the cost of removing the sign(s) if, after the specified time the prescribed minor non-conforming element(s) is not brought into conformance.

- 3) For purposes of this section, repair shall mean the work that is necessary to restore a sign to its former appearance subsequent to a sudden, accidental event.

6. Non-Conforming Landscaping, Buffers, and Paving

- a. The City will not issue a Certificate of Zoning Compliance for any site that has non-conforming landscaping until the landscaping is brought into conformance as much as is feasible based on the available land on the subject property. Appeals to this determination will be processed according to Section 145.55 through 145.100 of this Code.
- b. If the applicant is going to increase the gross floor area of any use on the subject property, buffers adjoining the new gross floor area must be brought into conformance.
- c. If the use on the subject property is changed and the new use requires larger buffers than the former use, any non-conforming buffers on the subject property must be brought into conformance.
- d. The City will not issue a Certificate of Zoning Compliance for any site that has non-conforming paving until the paving is brought into conformance.
- e. If the use on the subject property is changed and the new use requires more parking than the former use, all paving must be brought into conformance.

7. Non-Conforming Height; Setbacks and View Corridors

Any structural alteration of a roof or exterior wall which does not comply with height, setback or view corridor standards will require that the nonconforming height, setback or view corridor be brought into conformance. Excepted from this section are the repair or maintenance of structural members.

8. Any Other Non-Conformance

If any non-conformance exists on the subject property, other than as specifically listed in Paragraphs 2 through 7 of this Section, these must be brought into conformance if--

435a

SUMMARY OF ORDINANCE No. 3022

AN ORDINANCE OF THE CITY OF KIRKLAND RELATING TO ZONING, PLANNING, AND LAND USE AND AMENDING ORDINANCE NO. 2740 AS AMENDED, THE KIRKLAND ZONING ORDINANCE (FILE NO. IV-87-32).

Section 1: Amends the following Sections of Ordinance No. 2740 as amended:

a. Chapter 17, Ordinance 2740 as amended, is amended by the addition of a new section 17.10, which establishes a new Use Zone Chart (17.10.a-e) for Zone RSX; sets a thirty foot height limitation and a ten foot side-yard set back for single family residences, within Use Zone RSX; and requires (subsection 17.10.b) a master plan review under process IIb for church and/or school developments proposed for sites in excess of five acres, within Zone RSX.

b. Chapter 47, Ordinance 2740 as amended, is amended by the addition of a new section 47.10 (Use Zone Charts a-d inclusive) for Use Zone BCX. The BCX Use Zone is identical with the BC Use Zone, except vehicle or boat sales and service centers are not a permitted use within the BCX Zone.

c. Deletes from chapter 115, of Ordinance 2740 as amended, Section 115.130 relating to sewer connections.

d. Amends Section 162.35.5, Ordinance 2740 as amended, relating to off-premises signs and establishes an abatement period and process for such signs.

Section 2. Provides that if any section, subsection, or portion of the Ordinance (including those adopted by reference) is found to be invalid, such declaration shall not invalidate the remaining provisions of the Ordinance.

Section 3. Acknowledges the disapproval jurisdiction of the Houghton Community Council, with respect to the effectiveness of the Ordinance within the Houghton Community Municipal Corporation, only upon approval of the Houghton Community Council, or failure of the Houghton Community Council to disapprove within sixty days of the date of passage of the Ordinance.

Section 4. Authorizes publication of this Summary, approves the Summary to be published, and establishes the effective date of the Ordinance as five days after passage and publication of the Summary.

The full text of this Ordinance will be mailed without charge to any person upon request made to the Kirkland City Clerk. The Ordinance was passed by the Kirkland City Council at its regular meeting on the 1st day of June, 1987.

I certify that the foregoing is the summary of Ordinance No. 3022 approved by the Kirkland City Council for summary publication.

City Clerk
