WHEREAS, the City Council has determined it to be in the best interests of the City that the improvement as hereinafter described be carried out and that a local improvement district be created in connection therewith; NOW, THEREFORE,

THE CITY COUNCIL OF THE CITY OF KIRKLAND, WASHINGTON, DO ORDAIN as follows:

Section 1. The City Council of the City of Kirkland, Washington (the "City"), orders the installation of an 8-inch diameter sanitary sewer and appurtenances in the public right-of-way along N.E. 95th Street from the existing sewage pump station on 128th Avenue N.E. easterly to approximately 75 feet west of 132nd Avenue N.E.

All of the foregoing shall be in accordance with the plans and specifications therefor prepared by Gray & Osborne, Inc., consulting engineers, and may be modified by the City Council as long as such modification does not affect the purpose of the improvement.

Section 2. There is created and established a local improvement district to be called Local Improvement District No. 122 of the City of Kirkland, Washington (the "District"), the boundaries or territorial extent of the District being more particularly described in Exhibit A attached hereto and by this reference incorporated herein.

Section 3. The total estimated cost and expense of the improvement is declared to be \$190,000. The entire cost and expense shall be borne by and assessed against the property specially benefited by such improvement included in the District which embraces as nearly as practicable all property specially benefited by such improvement.

Section 4. In accordance with the provisions of RCW 35.44.047, the City may use any method or combination of methods to compute assessments which may be deemed to fairly reflect the special benefits to the properties being assessed.

Section 5. Local improvement district warrants may be issued in payment of the cost and expense of the improvement herein ordered to be assessed, such warrants to be paid out of the Local Improvement Fund, District No. 122, hereinafter created and referred to as the Local Improvement Fund, and, until the bonds referred to in this section are issued and delivered to the purchaser thereof, to bear interest from the date thereof at a rate to be established hereafter by the City Director of Administration and Finance, as issuing officer, and to be redeemed in cash and/or by local improvement district bonds herein authorized to be issued, such interest-bearing warrants to be hereafter referred to as "revenue warrants." In the alternative, the City hereafter may provide by ordinance for the issuance of other short-term obligations pursuant to Chapter 39.50 RCW.

The City is authorized to issue local improvement district bonds for the District which shall bear interest at a rate and be payable on or before a date to be hereafter fixed by ordinance. The bonds shall be issued in exchange for and/or in redemption of any and all revenue warrants issued hereunder or other short-term obligations hereafter authorized and not redeemed in cash within twenty days after the expiration of the thirty-day period for the cash payment without interest of assessments on the assessment roll for the District. The bonds shall be redeemed by the collection of special assessments to be levied and assessed against the property within the District, payable in annual installments, with interest at a rate to be hereafter fixed by ordinance under the mode of "payment by bonds," as defined by law and the ordinances of the City. The exact form, amount, date, interest rate and denominations of such bonds hereafter shall be fixed by ordinance of the City Council. Such bonds shall be sold in such manner as the City Council hereafter shall determine.

Section 6. In all cases where the work necessary to be done in connection with the making of such improvement is carried out pursuant to contract upon competitive bids (and the City shall have and reserves the right to reject any and all bids), the call for bids shall include a statement that payment for such work will be made in cash warrants drawn upon the Local Improvement Fund.

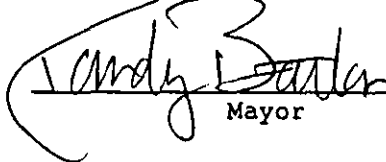

Section 7. The Local Improvement Fund for the District is created and established in the office of the City Director of Administration and Finance. The proceeds from the sale of revenue warrants or other short-term

obligations drawn against the fund which may be issued and sold by the City and the collections of special assessments, interest and penalties thereon shall be deposited in the Local Improvement Fund. Cash warrants to the contractor or contractors in payment for the work to be done by them in connection with the improvement and cash warrants in payment for all other items of expense in connection with the improvement shall be issued against the Local Improvement Fund.

Section 8. Within fifteen (15) days of the passage of this ordinance there shall be filed with the City Director of Administration and Finance the title of the improvement and District number, a copy of the diagram or print showing the boundaries of the District and the preliminary assessment roll or abstract of such roll showing thereon the lots, tracts and parcels of land that will be specially benefited thereby and the estimated cost and expense of such improvement to be borne by each lot, tract or parcel of land. The City Director of Administration and Finance immediately shall post the proposed assessment roll upon his index of local improvement assessments against the properties affected by the local improvement.

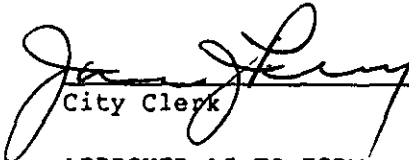

Section 9. This ordinance shall take effect and be in force from and after its passage and five (5) days following its publication as required by law.
