

ORDINANCE NO. 3629

AN ORDINANCE OF THE CITY OF KIRKLAND RELATING TO ZONING, PLANNING, AND LAND USE AND AMENDING ORDINANCE 2740 AS AMENDED, THE KIRKLAND ZONING ORDINANCE (FILE NO. III-IV-95-30).

WHEREAS, the City Council has received from the Hearing Examiner a recommendation to amend certain sections of the text of the Kirkland Zoning Code, Ordinance 2740 as amended, all as set forth in that certain report and recommendation of the Hearing Examiner dated February 28, 1998 and bearing Kirkland Department of Planning and Community Development File No. III-IV-95-30; and

WHEREAS, prior to making said recommendation, the Hearing Examiner, following notice thereof as required by RCW 35A.63.070, on December 16, 1997 and February 12, 1998, held a public hearing on the amendment proposals and considered the comments received at said hearing; and

WHEREAS, pursuant to the State Environmental Policies Act there has accompanied the legislative proposal and recommendation through the entire consideration process, a final determination of nonsignificance, including supporting environmental documents, issued by the responsible official pursuant to WAC 197-11-340 and WAC 197-11-390; and

WHEREAS, in regular public meeting the City Council considered the environmental documents received from the responsible official, together with the report and recommendation of the Hearing Examiner.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Kirkland as follows:

Section 1. Zoning text amended: The following specified sections of the text of Ordinance 2740 as amended, the Kirkland Zoning Ordinance, be and they hereby are amended to read as follows:

As set forth in Attachment A which by this reference is incorporated herein.

Section 2. If any section, subsection, sentence, clause, phrase, part or portion of this ordinance, including those parts adopted by reference, is for any reason held to be invalid or unconstitutional by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance.

Section 3. To the extent the subject matter of this ordinance, pursuant to Ordinance 2001, is subject to the disapproval jurisdiction of the Houghton Community Council, this ordinance shall become effective within the Houghton

Community Council or the failure of said Community Council to disapprove this resolution within sixty days of the date of the passage of this resolution.

Section 6. A complete copy of this resolution, including Findings, Conclusions and Recommendations adopted by reference, shall be certified by the City Clerk who shall then forward the certified copy to the King County Department of Assessments.

Section 7. A certified copy of this resolution, together with the findings, conclusions, and recommendations herein adopted shall be attached to and become a part of the Process III permit or evidence thereof delivered to the permittee.

Section 8. Certified or conformed copies of this resolution shall be delivered to the following:

- (a) Department of Planning and Community Development of the City of Kirkland
- (b) Fire and Building Departments of the City of Kirkland
- (c) Public Works Department of the City of Kirkland
- (d) The City Clerk for the City of Kirkland.

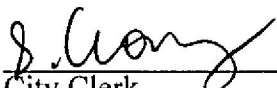

PASSED by majority vote of the Kirkland City Council on the 19th day of May, 1998.

SIGNED IN AUTHENTICATION thereof on the 19th day of May, 1998.

			<p>(insert new Resolution #)</p> <p>SPECIAL REGULATIONS</p> <p>1. The Master Plan, approved by Resolution 8887, includes a site plan, which is on file with the City. That site plan is, by reference, incorporated as a part of this Code as it pertains to the location, configuration and nature of improvements in the PLA-1 zone.</p> <p>2. In addition to the site plan referenced above, the adopted Master Plan includes the following special regulations:</p> <p>a. Future development permits shall be reviewed by the Planning Director to ensure consistency with the Master Plan.</p> <p>b. The applicant shall indicate all site improvements and landscaping for the areas to be affected by construction which are proposed to accompany the construction of each facility. The Planning Director shall have the authority to require implementation of these related elements of the Master Plan at such time new facilities, structures or additions are being constructed.</p> <p>c. At the time of application for development of the married student housing information relating to the degree of cutting and filling necessitated shall be provided. Plan for stabilization of nearby slopes shall be included in this information. This information shall indicate to what extent the drainage conditions on the eastern portion of the campus will be disturbed, and what measures will be taken to insure that surrounding properties will not be adversely affected by alternate drainage patterns.</p> <p>d. Vegetation along the perimeter of the property shall be left intact to the maximum extent possible. In addition, the College shall install perimeter landscaping well in advance of construction of buildings and facilities near the perimeter of the master plan where adjacent to single-family residential streets. The materials used in the perimeter landscaping shall be of a type which will provide a dense year-round visual screen from the ground level up, except where such a screen would obstruct existing views from surrounding properties.</p> <p>e. Storm drainage plans shall accompany any applications for development permits. Said plans shall comply with the requirements of Chapter 107 - Storm Drainage.</p> <p>f. Development permits for additional parking areas shall include a lighting plan for review and approval by the Planning Director. The lighting shall be directed such that it does not negatively impact adjacent residential areas.</p> <p>g. All main interior streets shall maintain a driving width of twenty-four feet plus curb and gutter improvements on both sides of the streets, for a total of twenty-eight feet. Widths of, and improvements to secondary streets and service roads shall be subject to the review and approval of the Planning Director. It will be necessary for secondary streets and service roads to provide adequate clearance for emergency vehicle access.</p> <p>h. The location, material and design of any walkway within the campus shall be at the discretion of the College and its representatives, but will be reviewed by the Planning Director.</p> <p>i. The "NO PARKING" signs along 10th Avenue N.E., east of the men's dormitory, shall remain indefinitely, to discourage future parking along this street.</p> <p>j. The proposed driveway and parking areas associated with the new married student housing will be constructed in the eastern portion of campus should maintain a distance of approximately 25 feet from the adjoining property lines to the east. The 25-foot distance could be reduced if the applicant can demonstrate that such reduction would not increase visual, noise, or traffic impacts on surrounding single-family residences.</p>

SPECIAL REGULATIONS

k. The housing unit, south of Gairloch, and west of 114th Ave. N.E., shall be separated from abutting properties to the north and east by a dense vegetative buffer of not less than 30 feet.

l. Parking lots shall include landscaping islands as required by Chapter 105. ~~All new parking lots and roadways shall meet the distance of twenty feet from property lines where located near a single-family residence. The vegetative buffer shall provide a dense year-round screen from the ground level up. Where not directly adjacent to residential housing structures, the twenty-foot setback and fence and vegetative buffer requirements could be reduced, subject to review and approval by the Planning Director.~~

m. Where adjacent to existing single-family residences, existing campus roadways and parking areas shall be landscaped as much as possible in the space available to provide a visual screen of the roadways and parking areas from the nearby residences. The amount and type of landscaping shall be subject to the review and approval of the Planning Director. An effort shall be made to reduce the amount of asphalt surfacing wherever possible.

n. Construction of the proposed clock tower shall be subject to the issuance of a Process 11B Permit, to be reviewed by the Houghton Community Council, the Kirkland Hearing Examiner and the Kirkland City Council.

~~o. Two access points to NE 53rd Street and internal campus connections are to be located as illustrated in the adopted site plan.~~

p. The District Office shall have only one access point from 108th Avenue N.E. Deviations from the approved Master Plan may be administratively approved by the Planning Director, provided that such deviations do not violate any of the following standards:

- No vehicular ingress or egress from surrounding streets may be changed.
- No roadways, parking lots or structures within 100' of the site perimeter may be shifted toward the perimeters. Any other shifting or improvements shall be consistent with the design concept of the College.
- No buffers shown in the approved site plan may be reduced, unless specifically authorized by some other special regulation.
- Reconfigurations of the footprint of the structures shown in the approved plan may be permitted, provided that such changes are not apparent off-site and do not increase building height.
- Minor new structures not shown on the approved site plan may be permitted, provided that they are at least 200' from the site perimeter, are not apparent from off-site and do not require the significant shifting of roadways, parking areas or other improvements.

q. t. ~~and~~

f. There is a change in the use and the zoning Code establishes different or more rigorous standards for the new use than for the existing use, or

g. The Planning Director determines that there will be substantial changes in the impacts on the neighborhood or the city as a result of the change.

In addition to other Master Plan features, changes to long-term third party tenants of the private college student population increases beyond 1,200 and changes in use to professional athletic facilities are subject to these criteria. 20041
