130.35 User Guide

This chapter establishes the mechanism and criteria for the City to change a zoning classification on the Zoning Map and to change the boundaries of zones on the Zoning Map. This mechanism is called rezoning. If you are interested in proposing a rezone or want to participate in the City's decision on a proposed rezone, you should read this chapter.

Please note that this chapter does not apply to proposals to amend the text of this code. Chapter 135 KZC describes how that can be done.

130.10 Types of Reclassification

There are two types of reclassification as follows:

1. Legislative Rezones – A rezone will be treated as a legislative matter when:
 - a. It is initiated by the City; and
 - b. 1) The subject property is part of a significant class of properties which are similarly affected by the proposed rezone; and
 - c. 2) It is either:
 - 1) (a) Based upon and will implement the results of a comprehensive planning process; or
 - 2) (b) Part of a process that includes, and is necessary to implement, amendment of the text of this code; or
 - b. It is initiated by the City and the sole purpose of the rezone is to correct grammatical, labeling, scrivener's, or similar errors on the official Zoning Map; or
 - c. It is initiated by either the City or another party and will implement a citizen-initiated amendment to the comprehensive plan approved pursuant to Chapter 140 KZC.
2. Quasijudicial – A rezone will be treated as a quasijudicial matter when it does not meet the requirements of subsection (1) of this section. Quasijudicial rezones

include proposals to change the Zoning Map within a range or category that is established by the existing comprehensive plan, comprehensive plan land use map and/or zoning code regulations, as well as proposals to place or remove an overlay zoning designation on the Zoning Map.

KZC 130.15 through 130.25 apply to legislative rezones. KZC 130.30 through 130.35 130.45 apply to quasijudicial rezones.

130.15 Legislative Rezones – Applicable Process

The City will use Process IV described in Chapter 160 KZC to review and decide upon a proposal for a legislative rezone; provided, that a rezone for the purpose of correcting grammatical, labeling, scrivener's, or similar errors on the official Zoning Map may be processed either through Process IV or Process IVA pursuant to Chapter 161 KZC.

130.20 Legislative Rezones – Criteria

The City may decide to approve a ~~proposal to~~ legislative rezone land only if it finds that:

1. Conditions have substantially changed since the property was given its present zoning or ~~The proposal is consistent with the applicable provisions of~~ implements the policies of the Comprehensive Plan; and
2. The proposal bears a substantial relationship to the public health, safety, or welfare; and
3. The proposal is in the best interest of the residents community of Kirkland.

130.25 Legislative Rezones – Map Change

If the City approves a ~~proposal to~~ legislative rezone land it will give effect to this decision by making the necessary amendment to the Zoning Map of the City.

130.30 Quasijudicial Rezones – Applicable Process

The City will use Process IIB described in Chapter 152 KZC to review and decide upon an application for a quasijudicial rezone.

130.35 Quasijudicial Rezones – Application

In addition to the application materials required in Chapter 152 KZC, the applicant shall submit a completed application on the form provided by the Planning Department, along with all the information listed on that form.

~~130.40 Quasijudicial Rezones – Types~~

~~There are two types of quasijudicial rezones as follows:~~

- ~~1. Nonproject Related – A quasijudicial rezone will be treated as nonproject related when:~~
 - ~~a. The proposed rezone is initiated by the City and the subject property is not owned by the City; or~~

~~b. The proposed rezone is from one single-family residential zone classification to another single-family residential zone classification; or~~

~~c. The proposed rezone is to place or remove an overlay zoning designation on the Zoning Map under Chapters 70 through 80 KZC.~~

~~2. Project Related — A quasijudicial rezone will be treated as project related when it does not meet the provisions of subsection (1) of this section. All project related reclassifications require a specific development proposal for the subject property.~~

~~— KZC 130.45 through 135.50 apply to nonproject related quasijudicial rezones. KZC 130.55 through 130.85 apply to project related quasijudicial rezones.~~

130.4640 Quasijudicial Nonproject Rezones – Criteria

The City may approve an application for a nonproject quasijudicial rezone only if it finds that:

~~1. The proposed rezone is consistent with the Comprehensive Plan; and Conditions have substantially changed since the property was given its present zoning or the proposed rezone implements the policies of the comprehensive plan, and~~

~~2. The proposed rezone is compatible with the existing land uses in the immediate vicinity of the subject property; and~~

~~2.3. The proposed rezone bears a substantial relationship to the public health, safety, or welfare; and~~

~~3.4. The proposed rezone is in the best interest of the residents community of Kirkland; and~~

~~4. The proposed rezone is appropriate because either:~~

~~a. Conditions in the immediate vicinity have so markedly changed since the property was given its present zoning and that under those changed conditions a rezone is within the public interest; or~~

~~b. The rezone will correct a zone classification or zone boundary that was inappropriate when established; or~~

~~e. —~~

~~4.5. If ~~the~~ rezone is to place or remove an overlay zoning designation on the Zoning Map, and the proposal meets the applicable designation criteria of Chapters 70 through 80 KZC;~~

~~provided, that a showing of changed conditions pursuant to subsection (4) of this section is not required if the rezone will implement the policies of the Comprehensive Plan.~~

130.5045 Quasijudicial Nonproject Rezones – Map Changes

If the City approves an application for a ~~nonproject-related~~ quasijudicial rezone it will give effect to this decision by adopting an ordinance that makes the appropriate change to the zone boundary or zone classification on the Zoning Map.

~~130.55 Quasijudicial Project Rezones — General~~

~~The purpose of a project related rezone is to enable the City to evaluate the applicant's specific development proposal for the subject property as part of the decision on the rezone. If the City decides to grant the application, it will adopt a resolution of intent to rezone which permits the applicant to develop the subject property as shown on the site plan that will be approved as part of that resolution. After the approved development is completed, the City will make the appropriate change to the Zoning Map of the City.~~

~~130.60 Quasijudicial Project Rezones — Criteria~~

~~The City may approve an application for a project related rezone only if it finds that:~~

- ~~1. The criteria set forth in KZC 130.45 are met; and~~
- ~~2. The proposed project complies with this code in all respects; and~~
- ~~3. The site plan of the proposed project is designed to minimize all adverse impacts on existing land use in the immediate vicinity of the subject property.~~
- ~~4. _____~~

~~130.65 Quasijudicial Project Rezones — Effect of Approval~~

~~If City Council approves an application for a project related rezone, it will give effect to this decision by adopting a resolution of intent to rezone which will have the following effects:~~

- ~~1. Effect on the Applicant — The applicant may, subject to all other applicable codes and ordinances, develop the subject property in conformity with the resolution of intent to rezone and the site plan approved as part of that resolution.~~
- ~~2. Effect on the City — If the applicant completes development of the subject property in conformity with the resolution of intent to rezone and the site plan approved as part of that resolution, the City shall make the zone boundary or zone classification change on the Zoning Map that was approved in that resolution.~~

~~130.70 Quasijudicial Project Rezones — Minor Modifications~~

~~Subsequent to the adoption of the resolution of intent to rezone, the applicant may apply for a minor modification to the site plan approved as part of that resolution. The Planning Official shall administratively review and decide upon an application for a minor modification. The City may approve a minor modification only if it finds that:~~

- ~~1. The change will not result in reducing the landscaped area, buffering areas or the amount of open space on the project; and~~
- ~~2. The change will not result in increasing the residential density or gross floor area of the project; and~~

- ~~3. The change will not result in any structure, or vehicular circulation or parking area, being moved more than 10 feet in any direction and will not reduce any required yard; and~~
- ~~4. The change will not result in any increase in height of any structure above any of the following:

 - ~~a. Ten percent above the originally approved height;~~
 - ~~b. The maximum height of structure of the underlying zone; or~~
 - ~~c. The maximum allowable height, if any, specified in the resolution of intent to rezone; and~~~~
- ~~5. The City determines that the change will not increase any adverse impacts or undesirable effects of the project and that the change in no way significantly alters the project.~~

~~130.75 Quasijudicial Project Rezones – Major Modifications~~

~~If the applicants seeks a modification to the approved site plan that does not meet all of the requirements of KZC 130.70, he/she may do so by submitting the application material required for a new quasijudicial project related rezone. The City will process and decide upon this application, using the provisions in KZC 130.55 through this section, as if it were an application for a new quasijudicial project related rezone.~~

~~130.80 Quasijudicial Project Rezones – Lapse of a Resolution of Intent to Rezone~~

- ~~1. Increased Time – City Council may, in the resolution of intent to rezone, extend the time limit of Chapter 152 KZC for the project.~~
- ~~2. Effect on Land Use If Resolution Lapses – If the resolution of intent to rezone lapses under the time limits of Chapter 152 KZC, or subsection (1) of this section, any development on the subject property must comply with all applicable laws of the City as if the resolution of intent to rezone had not been granted.~~

~~130.85 Quasijudicial Project Rezones – Map Change~~

~~Upon completion of the project in full compliance with the resolution of intent to rezone and the site plan approved as part of that resolution, the City shall give effect to the rezone by adopting an ordinance that makes the change to the zone boundary or zone classification on the Zoning Map that was approved in the resolution of intent to rezone.~~
