

RESOLUTION NO.195.

RESOLVED, that we respectfully urge the legislature to enact House Bill No. 138, House Bill No. 139, and House Bill No. 175, or to embody the substance in other bills that may be passed.

House Bill No. 138 would give counties, cities and towns 25% of the sales tax; House Bill No. 139 would give to cities and towns 20% of the net revenues, after certain deductions, of the State Motor vehicle fund, to be expended on streets, - would simplify the accounting and reporting on the expenditure of the funds; and would also require the State director of Highways to construct and maintain primary highways through cities with State funds; House Bill No. 175 would require the State liquor control board to make not less than 25% net profit and would divide the net profits between the State on one hand and the cities and counties on the other, on a 50-50 basis. This was the division originally provided in the law and until changed by the 1935 legislature.

These measures, if enacted into law, will give cities, towns and counties much needed revenues; also enable them to wipe out deficits and perform necessary functions of government.

RESOLVED, further, that a copy of this resolution be sent to each Senator and Representative in the Legislature from this district.

Passed the City Council, ~~of Commission of~~ Kirkland, King Co.

Washington, on the 15th day of February,

1937.

L. H. Jaycox
Mayor.
