

RESOLUTION NO. 419

RESOLUTION AUTHORIZING THE EXECUTION AND DELIVERY
OF A CONTRACT WITH PUGET SOUND POWER &
LIGHT COMPANY FOR FURNISHING

MUNICIPAL WATER PUMPING POWER
(Service Furnished)

WHEREAS, PUGET SOUND POWER & LIGHT COMPANY has
offered to furnish for a period of Five (5) years,
upon the terms set forth in the following proposed form of contract, to-wit:

MUNICIPAL WATER PUMPING POWER

NOW, THEREFORE, BE IT RESOLVED by the **COUNCIL**
(Council or Commission)

of the **CITY** of **KIRKLAND** that a
(City or Town)

contract be entered into with Puget Sound Power & Light Company for the furnishing of
MUNICIPAL WATER PUMPING POWER

upon the terms above proposed, and that the Mayor be and he hereby is authorized
and directed to execute and deliver such contract on behalf and in the name of the
CITY OF KIRKLAND, and the Clerk be and he hereby is authorized
(City or Town)

and directed to attest such contract and to affix thereto the seal of the **CITY OF**
KIRKLAND
(City or Town)

Duly adopted this 23rd day of April, 1943
Alfred E. Heland
Mayor.

ATTEST:

Loren L. Titch
Clerk.

I hereby certify that the foregoing is a true and
correct copy of a Resolution of the City of Kirk-
land and that the same was published or posted ac-
cording to law, said Resolution being No. 419
and entitled "A Resolution as above."
Loren L. Titch, City Clerk.

MUNICIPAL WATER PUMPING POWER CONTRACT

PUGET SOUND POWER & LIGHT COMPANY, herein called "Company," and the CITY
 of KIRKLAND, a municipal corporation of the State of Washington, herein called
 "City," agree as follows:

FIRST: This contract only covers power used in connection with the operation of water distribution systems.

SECOND: DELIVERY—In consideration of the payments, and subject to the limitations, herein stipulated, the Company agrees for a period of 5 consecutive years, beginning D.O.C. July 10, 1953, to reserve for and furnish to the City, and City agrees during said period to buy exclusively from the Company, at the rates herein fixed, all electric power required to operate the City's water pumping plant or plants located and described as follows:

City of Kirkland water pumping plant located in the vicinity of the N.E. corner of the intersection of 112th N.E. and N.E. 104th Street in the City of Kirkland.

Said electric power shall be three-phase, sixty cycle, alternating current at approximately 2300 volts. Company agrees to furnish not exceeding 40 horsepower but will furnish any additional amount required by the City if it has the power available. The point of delivery shall be

Utility pole situated adjacent to the above described location on which customer's transformer bank is located.

THIRD: RATES—The City agrees to pay the following rates, same being Schedule No. 40 of the Company's Electric Tariff No. I, filed with the Public Service Commission of the State of Washington:

Demand Charge—

\$1.50 per month per kilowatt, or major portion thereof, of maximum demand.

Energy Charge—

\$0.006 per kilowatt hour for the first 25,000 kilowatt hours used per month.
 \$0.005 per kilowatt hour for the next 25,000 kilowatt hours used per month.
 \$0.004 per kilowatt hour for the next 50,000 kilowatt hours used per month.
 \$0.0035 per kilowatt hour for all over 100,000 kilowatt hours used per month.

Said rates are subject to change in accordance with the laws of the State of Washington and whenever a new schedule of rates for the same service is made effective the City shall thereafter pay the new rates; provided, if the new rates are higher than those herein fixed, the City shall be entitled to cancel this contract.

All bills shall be payable within ten days from their date.

MUNICIPAL WATER PUMPING POWER CONTRACT—PAGE 2

FOURTH: MEASUREMENT—Maximum demand, consumption and power factor shall be measured by commercially accurate maximum demand, watt hour and power factor meters furnished and installed by Company, suitable space for which shall be furnished by the City; provided, maximum demand and power factor may at Company's option be determined either by meters or by check of service.

The maximum demand for any month is understood to be the average kilowatt demand, or average rate of use measured in kilowatts, during the fifteen minute interval in which the consumption of electric energy is greater than during any other fifteen minute interval in the month.

FIFTH: USE OF EQUIPMENT—The City agrees to install and maintain in good condition proper equipment for the use of such power and to save the Company harmless from all liability for any loss or damage caused by such equipment to either party hereto or to any person whomsoever; not to sell to others any electric power furnished hereunder, nor use or permit others to use any of such power in any other place or for any other purpose than to operate said plant.

City agrees to notify the Company before making any increase in the connected load and to operate its electric equipment so as not to impair the general service rendered by Company to its other customers. If the City's use shall impair such service to other customers, the City will, upon demand, install the proper apparatus to prevent City's power factor from falling below 85 per cent, and Company shall have the right to discontinue service to the City until such apparatus is installed.

The City agrees to use reasonable diligence to protect the Company's property from injury and Company shall have free access to all parts of the premises where its electricity is used, to inspect, repair, remove and replace its property.

SIXTH: SERVICE INTERRUPTIONS—Company shall use reasonable diligence to furnish uninterrupted service but shall not be liable for any interruptions caused by strikes and/or other labor disputes, accidents or acts of God, or by any cause beyond the control of the Company, or by the necessity for making repairs or changes in the Company's equipment and facilities, and the City waives and shall not assert any claims against the Company for damages to the City caused by any suspension, interruption, failure or curtailment of service by the Company under this agreement attributable in any manner to national war emergency, including voluntary cooperation by the Company in any method of operation or in any program recommended or requested by civil or military authorities. No temporary interruption shall cancel this contract.

SEVENTH: The Company shall have the right to cancel this contract if any part of the Company's property used for the rendition of this service is taken by eminent domain, or if such service can no longer be rendered by reason of franchise expiration and the inability of the Company to secure a renewal thereof.

Dated this 23rd day of April, 19 53.
