THIS AGREEMENT, made and executed as of this 19 day of APRIL, 1973, between the CITY OF KIRKLAND, a municipal corporation of the State of Washington (hereinafter referred to as the "City"), and the MUNICIPALITY OF METROPOLITAN SEATTLE, a municipal corporation of the State of Washington (hereinafter referred to as "Metro");

W I T N E S S E T H:

WHEREAS, the parties desire to amend certain portions of the Basic Agreement to reflect changed conditions and policies; and

WHEREAS, Metro has constructed the Eastside Interceptor, Section 14. (hereinafter referred to as the "Interceptor"), to serve as a facility of the Metropolitan Sewerage System; and

WHEREAS, the City desires to use portions of the Interceptor as a Local Sewerage Facility;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, it is hereby agreed as follows:

Section 1. Definition of Terms. The defined terms used in this contract shall have the meanings set forth in the Basic Agreement. Where manhole numbers are referred to, reference is made to Metro Contract Document 64-10, Schedule 3 for the Eastside Interceptor, Section 14, copies of which are on file with Metro and the City.

EXHIBIT A

Section 2. Amendment of Basic Agreement - Delivery and Acceptance of Sewage. Section 2 of the Basic Agreement is hereby amended to read as follows:

"Section 2. Delivery and Acceptance of Sewage. The City shall deliver to Metro all of the sewage and industrial waste collected by the City and Metro shall accept the sewage and waste delivered for treatment and disposal as hereinafter provided subject to such reasonable rules and regulations as may be adopted from time to time by the Metropolitan Council. Section 3. Joint Use of Portions of Interceptor. The City and Metro agree that the Interceptor between Manhole R02-71 and Manhole R02-72 shall serve as both a Metropolitan and a Local Sewerage Facility for such Participants as have authority to provide local service. make payment to Metro of the agreed upon amount. Upon such approval and payment, the City shall own an eight-inch (8") equivalent share of the Interceptor where local service is given on both sides of the Interceptor, and one-half thereof where service is given on only one side. Local connections to the Interceptor may be made by the City in such a manner as shall be approved by Metro. The City shall hold Metro harmless from any loss, cost, charge, liability or expense resulting from or arising out of damage to the Interceptor or to the persons or property of others caused by the making of such connections or the City's failure to observe any covenant of this Agreement.

Section 4. Construction and Maintenance of Local Sewerage Facilities. The City shall construct, operate and maintain at its expense or cause others to construct, operate and maintain at their expense, and in good working order and condition, any side sewers or Local Sewerage Facilities connected to the Interceptor up to and including the tee connection. Metro shall have no responsibility for construction, operation or maintenance of such side sewers or Local Sewerage Facilities.

Section 5. Maintenance and Operation of Interceptor. Metro shall continue to operate, maintain and own all portions of the Interceptor except as otherwise expressly provided herein. The City shall have no responsibility for operation or maintenance of the Interceptor.
