 (8) Application for Conditional Use Permit.

FINDINGS:

1. This application is for a Conditional Use Permit to authorize the construction of a dental clinic at approximately N.E. 128th Street and 120th Ave. N.E., in the Totem Lake area.
2. The existing zoning in this area is Residential Multi-Family (RM-900), which allows the location of professional office buildings upon approval of a Conditional Use Permit.
3. There are three existing medical dental clinics in the area, one convalescent center, the state owned property directly across N.E. 128th Street, and Evergreen Hospital property.
4. The total size of the site is approximately 72,600 square feet (1.67 acres). This allows for 239 feet of road frontage with a depth of approximately 275 feet, not including a projecting arm to the west of an area approximately 100 x 70 feet.
5. The proposed dental clinic will have approximately 5,500 square feet; the building will be 2 stories tall, and will be 27 feet 6 inches above grade.
6. The development of this property is to be in phases, and under Phase I only the easterly 115 feet shown on the plat is to be developed for the proposed construction of this building.
7. The slope of the site is less than 5% whereas it appears that the site consists of fill, and the geology is Vashon Till.
8. There are presently water and sewer utilities available to the site.
9. Northeast 128th is an improved street, and no further addition of right-of-way need be dedicated as indicated by the Kirkland Circulation and Arterial Plan. All proposed ingress and egress would be from N.E. 128th.
10. The parking requirements of the Kirkland Zoning Ordinance indicate one stall per 300 square feet of floor area of the building. The applicant has proposed 36 parking stalls for this site.
11. The applicant has proposed to provide landscaping on the site and screening of the parking lot per Section 23.34.100 of the Kirkland Zoning Ordinance.
12. The Land Use Plan for the Totem Lake Annexation Area has been developed in consideration with the Environmental Impact Statement for this area. (Please find enclosed the list of policy criteria to be met pursuant to any development within the Totem Lake Annexation Area.)
