(b) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof in which a Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a taxing body or public officer to be levied for its use and benefit with respect to a Project if it were not exempt from taxation.

(c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a project for dwelling rents and non-dwelling rents (excluding all other income of such Project), less the cost to the Local Authority of all dwelling and non-dwelling utilities.

(d) The term "Public Body" shall mean any public body, corporate or politic or other Governmental entity that is exempt from general property taxation in the State of Washington under the Constitution or laws of the United States or the State of Washington.

2. The Local Authority shall endeavor (a) to secure a contract or contracts with the Government for loans and annual contributions covering one or more Projects comprising approximately 30 units of low-rent housing and (b) to develop and administer such Project or Projects, each of which shall be located within the corporate limits of the Municipality. The obligations of the parties hereto shall apply to each such Project.

3. (a) With respect to any Project so long as such Project is owned by a public body, government agency, or entity otherwise entitled to exemption from general property taxation under State law and either (i) such project is used for low-rent housing purposes or (ii) a contract between the Local Authority and the Government for loans or annual contributions or both, in connection with such Project remains in force and effect or (iii) any bonds issued in connection with such Project or any money due to the Government in connection with such Project remain unpaid, whichever period is the longest, the Municipality agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Local Authority with respect

During this period of exemption from taxation and special assessments, the Local Authority shall make annual payments (herein called "Payments in Lieu of Taxes") in lieu of such taxes and special assessments and in payment for the public services and facilities furnished from time to time without other cost or charge for or with respect to such Project.

(b) Each annual Payment in Lieu of Taxes shall be made after the end of the fiscal year established for such Project, and shall be in an amount equal to either (i) ten percent (10%) of the Shelter Rent charged by the Local Authority in respect to such Project during such fiscal year or (ii) the amount permitted to be paid by applicable State law in effect on the date such payment is made, whichever amount is lower.

(c) The Local Authority shall distribute the payments in Lieu of Taxes among the taxing bodies in the proportion which the real property taxes which would have been paid to each taxing body for such year if the Project were not exempt from taxation bears to the total real property taxes which would have been paid to all of the taxing bodies for such year if the Project were not exempt from taxation; provided, however, that no payment for any year shall be made to any taxing body in excess of the amount of the real property taxes which would have been paid to such taxing body for such year if the Project were not exempt from taxation.

(d) Upon failure of the Local Authority to make any Payment in Lieu of Taxes, no lien against any Project assets of the Local Authority shall attach, nor shall any interest or penalties accrue or attach on account thereof.

(e) The Municipality will not charge the Local Authority any monies under the Municipality's Fee-in-Lieu of Open Space requirement. The Local Authority will provide sufficient contiguous and well designed open space to meet the recreational needs of the Project's residents.

4. During the period commencing with the date of the acquisition of any part of the site or sites of any Project and continuing so long as such Project is owned by a public body, government agency, or entity otherwise entitled to exemption from general property taxation under state law and either (i) such Project is used for low-rent housing purposes or (ii) a contract between the Local Authority and the Government for loans or annual contributions, or both, in connection with such Project remains in force and effect or (iii) any bonds issued in connection with such Project or any monies due to the government in connection with such Project remain unpaid, whichever period is the longest, the Municipality without cost or charge to the Local Authority or the tenants of such Project (other than the Payments in Lieu of Taxes):

(d) Consider accepting grants of easements necessary for the development of such Project; and

(e) Cooperate with the Local Authority by such other lawful action or ways as the Municipality and the Local Authority may find necessary in connection with the development and administration of such Project.
