

RESOLUTION NO. R- 3579

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF KIRKLAND FINDING THAT THE PURCHASE OF HARDWARE AND SOFTWARE FOR AN AUTOMATED PERMIT TRACKING SYSTEM IS SUBJECT TO SPECIAL MARKET CONDITIONS AND AUTHORIZING, PURSUANT TO SECTION 3.85.040 OF THE KIRKLAND MUNICIPAL CODE, THE PURCHASE OF SUCH A SYSTEM FOR THE CITY OF KIRKLAND IS BY DIRECT NEGOTIATION.

Be it resolved by the City Council of the City of Kirkland as follows:

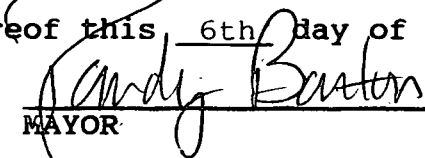

Section 1. Findings: The City of Kirkland is in need of purchasing hardware and software for an automated permit tracking system that will track and issue permits for the Fire/Building, Planning, and Public Works Departments and integrate information into City's data base established by the Business Licence and Bond Tracking system.

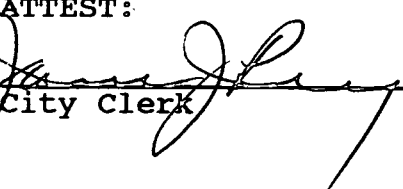

The Council further finds that the purchase of the automated permit tracking including both hardware and software compatible with the City's computerized Business Licence and Bond Tracking system is an implementation of an additional phase of the request for proposal and is subject to special market conditions that do not lend themselves to standard purchasing practices of competitive sealed bids.

The Council further believes that purchase through direct negotiation with the vendor of the required hardware and software is the most efficient and cost effective method of acquisition of an automated permit tracking system under existing special market conditions, and the City requirements for hardware and software compatibility.

Section 2. The purchasing manager is hereby authorized to enter into direct negotiations for the purchase and acquisition of required hardware and software to make up the automated permit tracking system, which system shall be compatible with the existing City of Kirkland Bond Tracking and Business Licence data base system.

Passed by majority vote of the Kirkland City Council in regular, open meeting this 6th day of February, 1990.

Signed in authentication thereof this 6th day of February, 1990. 
MAYOR

ATTEST:

City Clerk
