- Our City does not elect to receive and administer the above estimated pass-through.
- X Our City elects to receive and administer the above estimated pass-through with the conditions outlined in the *2000-2002 Community Development Block Grant Interlocal Cooperation Agreement*. Among other responsibilities, we recognize that in accepting a pass-through we are accepting the responsibility of allocating the pass-through funds in accordance with the Consortium's schedule for submission to the U.S. Department of Housing and Urban Development.

Cities which accept the pass-through should check the following if applicable:

- X Our City would like to allocate a portion of our funds for public (human) service activities.
- X Our City would like to allocate a portion of our funds for planning and administration activities.
- X Our City is eligible to request the use of additional planning and administration ceiling. We request the use of any unreserved Pass-through Cities' ceiling, if available. Per Consortium Guidelines, when a Pass-through City reserves its planning and administration ceiling in the Spring, it has the ability to request to use additional ceiling to cover administrative costs. Such requests will have priority over requests to use additional ceiling for planning projects and will be granted only to cities that:
a) run a competitive application process, and b) participate in Consortium-wide planning activities. We would like to request additional funds for the following:

***The City's of Kirkland and Redmond are requesting additional Planning and Administration funds to cover the costs to provide an analysis of the new census data to enable Kirkland to identify current residents' needs in human services (\$5,000). In addition, the City will use \$2,000 for printing of the Human Services Need Assessment.**

- 0 Our City would like to contribute a portion of our capital funds to the King County Housing Repair Program so that our residents may participate. We understand that 15% of the total amount allocated will be used for program delivery costs.
