

ORDINANCE NO. 4158

AN ORDINANCE OF THE CITY OF KIRKLAND RELATING TO COMPREHENSIVE PLANNING AND LAND USE AND AMENDING THE COMPREHENSIVE PLAN AS PART OF THE HART PRIVATE AMENDMENT REQUEST AND TL9 ZONING IMPLEMENTATION PROJECT, AMENDING THE COMPREHENSIVE PLAN, (ORDINANCE 3481 AS AMENDED), AMENDING THE CITY OF KIRKLAND ZONING MAP (ORDINANCE 3710 AS AMENDED), AND AMENDING THE KIRKLAND ZONING ORDINANCE (ORDINANCE 3719 AS AMENDED), TO CONFORM TO THE COMPREHENSIVE PLAN AND APPROVING A SUMMARY FOR PUBLICATION, FILE NO ZON07-00023 AND FILE NO ZON06-00019 .

WHEREAS, the Growth Management Act (GMA), RCW 36.70A.215, mandates that the City of Kirkland review, and if needed, revise its Comprehensive Plan, and its official Zoning Map, and Zoning Ordinance, pursuant to RCW 36.70A.130; and

WHEREAS, the City Council has received a recommendation from the Kirkland Planning Commission to amend certain portions of the Comprehensive Plan for the City, Ordinance 3481 as amended, and to amend a portion of the City of Kirkland Zoning Map, Ordinance 3710 as amended, and to amend certain sections of the text of the Kirkland Zoning Code, Ordinance 3719 as amended, all as set forth in those certain reports and recommendations of the Planning Commission dated March 4, 2008 and bearing Kirkland Department of Planning and Community Development File No's. ZON07-00023 and ZON06-00019; and

WHEREAS, prior to making said recommendation the Planning Commission, following notice thereof as required by RCW 35A.63.070, held on January 24, 2008, a public hearing, on the amendment proposals and considered the comments received at said hearing; and

WHEREAS, pursuant to the State Environmental Policy Act (SEPA, there has accompanied the legislative proposal and recommendation through the entire consideration process, a SEPA Addendum to Existing Environmental Documents, issued by the responsible official pursuant to WAC 197-11-600; and

WHEREAS, in regular public meeting the City Council considered the environmental documents received from the responsible official, together with the reports and recommendations of the Planning Commission; and

WHEREAS, in regular public meeting on June 17, 2008, the City Council indicated its intent to adopt the recommendations of the Planning Commission with respect to the policies for climate change and public art, for which the Houghton Community Council had proposed alternate language, and adopted Resolution 4704 expressing the intent to amend the Comprehensive Plan and Zoning Ordinance as set forth in File No's ZON07-00023 and ZON06-00019, and consider adopting said recommendations by ordinance concurrent with all other amendments included in the City's annual Comprehensive Plan amendments; and

WHEREAS, the Growth Management Act, RCW 36.70A.130, requires the City to review all amendments to the Comprehensive Plan concurrently and no more frequently than once every year;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Kirkland as follows:

Section 1. Comprehensive Plan, Zoning Code, and Zoning Map Amended: The Comprehensive Plan, Ordinance 3481 as amended, the Zoning Code, Ordinance 3719 as amended, and Zoning Map, Ordinance 3710 as amended, are hereby amended as set forth in Exhibit A attached hereto and by this reference incorporated herein as though fully set forth.

Section 2. Official Map Change: The Director of the Department of Planning and Community Development is directed to amend the official City of Kirkland Zoning Map to conform with this ordinance, indicating thereon the date of the ordinance passage.

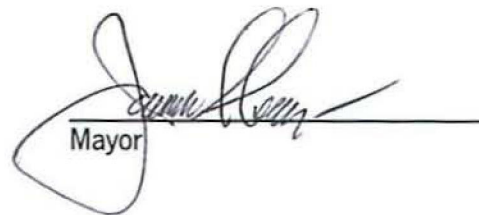

Section 3. If any section, subsection, sentence, clause, phrase, part or portion of this ordinance, including those parts adopted by reference, is for any reason held to be invalid or unconstitutional by any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance.

Section 4 This ordinance shall be in full force and effect five days from and after its passage by the City Council and publication pursuant to Kirkland Municipal Code 1.08.017, in the summary form attached to the original of this ordinance and by this reference approved by the City Council as required by law.

Section 5. A complete copy of this ordinance shall be certified by the City Clerk, who shall then forward the certified copy to the King County Department of Assessments.

Passed by majority vote of the Kirkland City Council in open meeting this 16th day of December, 2008.

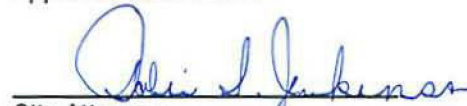

SIGNED IN AUTHENTICATION THEREOF this 16th day of December, 2008.

## EXHIBIT A

**Policy TL-17.3:**

*Restrict development in identified landslide hazard areas to ensure public safety and conformity with natural constraints.*

High ground water with soft soil conditions in the low-lying parts of the neighborhood may limit or require special measures for development. The presence of loose saturated soils increases the risk for differential settlement and seismically induced soil liquefaction. In these areas, development must demonstrate methods to prevent the settlement of structures and utility systems and to withstand seismic events.

The steep, heavily vegetated hillside in the northeastern portion of the neighborhood lies within an identified high landslide area (see Figures TL-5 and TL-11, District TL 9). Although a range of office, industrial or multifamily uses are permitted in the southern portion of the hillside north of NE 126<sup>th</sup> Place, this development and all development on the hillside is subject to the following conditions:

- (1) Development should be subject to public review and discretionary approval through the City's Process IIA process.
- (2) The base density for residential development on the slope should be eight dwelling units per acre.
- (3) Lot coverage for development should be lower than that allowed for the less environmentally sensitive properties to the south, to enable the preservation of vegetation and watercourses on the site.
- (4) Vegetative cover should be maintained to the maximum extent possible. Clustering of structures may be required to preserve significant groupings of trees.
- (5) Watercourses should be retained in a natural state.
- (6) Development should only be permitted if an analysis is presented that concludes that the slope will be stable. The analysis should indicate the ability of the slope and adjacent areas to withstand development, the best locations for development, and specific structural designs and construction techniques necessary to ensure long-term stability.
- (7) The hillside with the steepest slopes should be left undisturbed in a natural condition and retained as permanent natural open space through the creation of a greenbelt easement or the dedication of air rights. In order to provide property owners with reasonable development potential, some development may be permitted on the southern, lower portion of the hillside. In no case should such development or associated land surface modification extend ~~northward more than 150 feet into any slope in excess of 15 percent, nor~~ closer than 100 feet to existing single-family residential development north of the slope.
- ~~(8) (7)~~ Any part of the hillside which is retained as permanent natural open space, but which has been previously altered from its natural state, or which is so altered as a result of soils testing or watercourse rehabilitation, should be returned to its natural condition.
- ~~(9) (8)~~ Surface water runoff should be maintained at predevelopment levels.
- ~~(10) The developer should indemnify and hold harmless the City by a covenant running with the land in a form approved by the City Attorney.~~
- ~~(11) (9)~~ Vehicular access should be from south of the slope. If necessary, access may be from 132<sup>nd</sup> Avenue NE, provided that such access is limited to one point and meets other City standards.
- (10) Where residential uses are allowed, a total of 5 stories measured above an average building elevation are allowed if at least 10% of the units provided are affordable units.

**48.0555.59** User Guide TL 9A.

The charts in KZC 48.1555.63 contain the basic zoning regulations that apply in the LT-TL 9A zones of the City. Use these charts by reading down the left hand column entitled Use. Once you locate the use in which you are interested, read across to find the regulations that apply to that use.

**Section**  
**48.1055.61**

**Section 48.1055.61 – GENERAL REGULATIONS**

The following regulations apply to all uses in this zone unless otherwise noted:

1. Refer to Chapter 1 KZC to determine what other provision of this code may apply to the subject property.
2. ~~If any portion of a structure is adjoining a low density zone, then either:  
a. The height of that portion of the structure shall not exceed 20 feet above average building elevation; or  
b. The horizontal length of any facade of that portion of the structure which is parallel to the boundary of the low density zone shall not exceed 50 feet.~~  
~~See KZC 115.30, Distance Between Structures/Adjacency to Institutional Use, for further details.  
(Does not apply to Hazardous Waste Treatment and Storage Facilities uses).~~
32. Except if adjoining a low density zone, structure height may be increased above 35 feet in height through a Process IIA, Chapter 150 KZC, if:
  - a. It will not block local or territorial views designated in the Comprehensive Plan;
  - b. The increased height is not specifically inconsistent with the applicable neighborhood plan provisions of the Comprehensive Plan; and
  - c. The required yard of any portion of the structure may be increased up to a maximum of one foot for each foot that any portion of the structure exceeds 35 feet above average building elevation. The need for additional setback yards will be determined as part of the review of any request to increase structure height.  
(Does not apply to Hazardous Waste Treatment and Storage Facilities and Public Parks uses).
4. ~~If the property is located in the NE 85th Street Subarea, the applicant shall install a through-block pedestrian pathway to connect an east-west pathway designated in the Comprehensive Plan between 124th Avenue NE and 120th Avenue NE pursuant to the through-block pathway standards in KZC 105.19(3) (See Plate 34K).~~
53. Retail uses are prohibited unless otherwise allowed in the use zone charts.

For attached and/or stacked dwelling units, the maximum building height may exceed 30 feet above average building elevation if at least 10 percent of the units provided in new residential developments of 10 units or greater are affordable housing units, as defined in Chapter 5 KZC. The number of affordable housing units is determined by rounding up to the next whole number (unit) if the fraction of the whole number is at least 0.66. An agreement in a form approved by the City must be recorded with the King County Department of Records and Elections to stipulate conditions under which required affordable housing units will remain as affordable housing units for the life of the project for rental units, and at least 30 years from the date of initial owner occupancy for ownership units. Additional affordable housing incentives may be applicable to residential development (see Chapter 112 KZC).
